Functional interior layout.

THIS JACK HENRIQUES design boasts the same quality of construction that has made Henriques a well-respected name in the marine industry and with fishermen worldwide for over 20 years. Her 70 square foot cockpit provides ample room for serious fishing excitement, and there is plenty of seating space for the entire crew. Standard fiberglass hardtop and marlin tower with steering and controls add to her style. Interior amenities such as a full standup head, shower, galley with microwave, dinette and V-bunks make her comfortable for all occupants.

The Henriques 28' Express Fisherman is well suited for canyon trips as well as fishing the back bays single handed. Her design and weight provide a smooth ride while quality construction provides safety at sea. Diesel power provides speed, economy and dependability.
